الْقُرْآنُ الْحَكِيمُ

As for those who say, 'Our Lord is Allah,' and then remain steadfast, the angels descend on them, saying: 'Fear ye not, nor grieve; and rejoice in the Garden that you were promised.

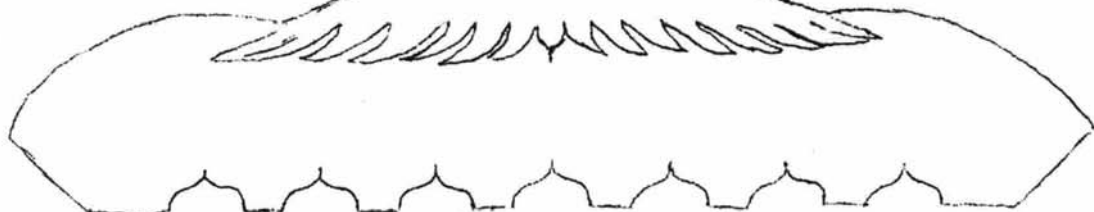

'We are your friends in this life and in the Hereafter. Therein you will have all that your souls will desire, and therein you will have all that you will ask for —

'An entertainment from the Most Forgiving, the Merciful.'

MESSAGES FOR THE ANNUAL CONVENTION
JAMMAT AHMADIYYA CANADA

Message from Hazrat Khalifatul Masih III

Dear Brethren,

Assalamo Alaikum Wa Rahmatullahe Wa Brakatohu.

It gives me great pleasure to know that you are holding your Annual Conference on the 25th and 26th of this month. May Allah make this gathering a source of blessings for all its participants and for all those who worked to make it a success. Such gatherings not only provide an opportunity of knowing and meeting each other but also enhance mutual love and create an atmosphere of fraternity and brotherhood.

On this occasion I would like to remind you that according to the Holy Quran and the sayings of the Holy Prophet (peace and blessings of Allah be on him) one of the tasks assigned to the Promised Messiah (peace be on him) was to assemble all mankind under the banner of Islam. For the successful completion of this mission it is necessary that there should be a central figure around which all may rally. That central figure according to the Promised Messiah (peace be on him) is 'Qudrate-Sania' or khilafat. The re-establishment of this institution after a lapse of about 1300 years is a great boon of Allah and is dependent upon implicit faith in its utility and proper effort for its preservation. In this connection the Holy Quran says:

"Hold fast by this rope of Allah and be not divided." Although the Promised Messiah (peace be on him) has given the glad tidings that "Khilafat-e-Ahmadiyya" shall last upto the last days still it is our duty to preserve its sanctity to the best of our ability. Khilafat is the only means by which we can remain united and can acquire Allah's help and blessings. The task of taking the spiritual revolution of Islam to its climax and fulfilling the prophecy that is given in the words can only be performed by a true khalifa. This highlights the importance and significance of this office. Every Ahmadi, male or female, man or child should clearly realise the value and significance of this institution and should pay due homage to it.

I would like to point out further that the Promised Messiah (peace be on him) was not only a 'Mujaddid' of the 14th Century but also i.e. Mujaddid for the next 1000 years. Since the Promised Messiah (peace be on him) told us that after his death Khilafat-e-Ahmadiyya shall continue uninterrupted to the last days it means that the task of rejuvenation and revitalisation shall hereafter be done wholly and solely by his successors. As such there is no possibility of any separate Mujaddid appearing at the begining of 15th Century or for that matter any other century.

Continued...next page

Since by our 'Bait' *بيت* we have accepted the responsibility of helping in establishing the glory of Islam it is now our duty to set an example of pious life and good behaviour before the world. All the excellences of Islam should be reflected in our person and our conduct and we should be a model of virtue in every way.

May Allah give us the strength of doing our duty well and may He enable us to live like a true Muslim. Ameen.

KHALIFATUL MASIH III

Message from Mirza Tahir Ahmad

Dear Brothers,

السلام عليكم ورحمة الله وبركاته

It gives me great pleasure to know that Ahmadiyya Jamaat of Canada is holding its first Annual Convention. May this occasion be a source of blessings for all of you. On the day after your convention comes to an end, it would be the beginning of the three blissful days of Central Convention at Rabwah. The Promised Messiah (peace be on him) has declared these three days to be sacred and I firmly believe that those who participate in this Convention are the recipients of many blessings.

Dear brothers, Last year you had the unique honour of receiving Hazrat Khalifatul Masih III in your country and therefore it can be said that the doors of heavenly blessings have been opened for you. It is through his prayers that you have been able to purchase a piece of land for the purpose of constructing a mosque. I need not say it; but every Ahmadi is aware about the blessings and importance of mosque. It is now your duty that this piece of land should not remain as it is. A House of God - a mosque - should be built as quickly as possible. In all the countries where we have built mosques the preaching and propagation of Islam has met with great success. Therefore I urge you to complete mosque project so that we should be able to have a permanent centre in Canada for the propagation of Islam.

Dear brothers, Most of you are from Pakistan. You have the distinct advantage of reading and understanding the language in which the major writings of the Promised Messiah are published. Therefore, you should have the books and should read them extensively. The Promised Messiah has declared his books more valuable than any worldly treasure. In his words these books are "spiritual Treasures". I firmly believe that by reading his books you would be blessed with everlasting peace.

Dear brothers, I wish to draw your attention to another important matter. You are thousands of miles away from Centre; but you are related

to each other like brothers through the blessings of Ahmadiyyat; therefore I urge you to live in peace and harmony. You should meet each other with brotherly love and stand by each other through thick and thin. The office bearers of Jamaat should devote more time and energy for the propagation of Islam. Missionary of Jamaat is living amongst you in your country. Please give him your maximum co-operation so that he should be able to fulfill his duties and act upon the instructions issued to him from centre. In this matter he should be able to depend upon your complete co-operation.

May Allah be with you and protect you from trials and tribulations and remove all of your difficulties. Ameen.

Message from Imam of London Mosque

"It is indeed a very pleasant news that the Ahmadis in Canada are, by the grace of Allah, holding their first Annual Convention for Canada. It is also most gratifying to learn that our zealous brothers and sisters shall be coming to participate in this auspicious occasion from a distance of two to three thousand miles.

I, the Imam, and all the Ahmadis in Britain send our brothers and sisters in Canada our heartfelt and most sincere greetings on this historic Conference which shall work as a fillip for the spread of the Ahmadiyya faith, the True Islam. We all unanimously pray to Allah to shower His great blessings on all those who come to take part in this Convention and for all those who have worked zealously to make this Convention a success. We also pray that all those who come to this Convention get a share from the Promised Messiah had supplicated in favour of those who come to join the Central Convention at Qadian and at Rabwah. Ameen.

I request all my brethren also to pray for me as I am proceeding to Rabwah to join Annual Conference there and from there I shall proceed to Qadian and also intend to go to Srinagar in connection with Symposium we are holding in London in the first week of June, 1978. This Conference shall be a great and prominent landmark in the preaching of Ahmadiyyat in Europe, America and the Western countries."

I have always followed with interest the progress of the Jamaat Canada through reading the Ahmadiyya Gazette which I receive regularly. Now it is heartening news to know that you are having your first Annual Convention which is yet another milestone on the road of progress. I pray that the speakers convey their message in an affective manner and that the listeners will absorb the knowledge they hear and bear in mind that spiritual guidance is spiritual nourishment. They should, therefore, endeavour to digest this spiritual feast and at the conclusion of the Convention be filled with a firm resolve to portray the ideals of Ahmadiyyat - the True Islam more brightly in their daily lives. Ameen. "

Dear Sirs,

This year's "Human Race", as you probably know, was bigger and better than ever. More people participated in the "Race", more people volunteered to help with marshaling, check-points, refreshments, start-finish line and general setting up, and more money was pledged than ever before.

You made it all possible. Without your help, and your concern for this Association and the work it is doing in the community, we could not have had such a successful "Race".

"Thank-you" from the Board of Directors, the Human Race Committee, the staff and the members of the Mississauga Association for the Mentally Retarded. We are very grateful.

We will be forwarding a certificate and a crest to you in appreciation of your help.

We're looking forward to an even better "Race" next year and hoping that you'll be there to once again give us your support.

Yours truly,

Tehrik-e-Jadid

(BY SECRETARY TEHRIK-I-JADID - M. H. CHEEMA)

In a Friday Sermon delivered at Masjid-e-Aqsa, Rabwah on Oct. 28, 1977, Hazrat Khalifatul Masih III announced the opening of the 44th year of the 1st office, 34th year of the 2nd office and 13th year of the 3rd office of Tehrik-e-Jadid. By setting his personal example for the Jamaat Hazur gave a pledge of Rs. 3,700 for himself and a further pledge of Rs. 422 on behalf of his wife. After the Friday prayers the office of Tehrik-e-Jadid was opened for a short time of 2½ hours to enable people to enlist their promises for the financial year of Tehrik-e-Jadid November 1977 to October 1978. A total sum of Rs. 111,736.00 was recorded within this short period of 2½ hours.

The small tree of this Tehrik was planted by the pious hands of Mosleh Maood, the 2nd Caliph in 1934 at Qadian when the Ahrar Movement started agitation against Ahmadiyyat and bluffed to wipe it off from the face of the earth. This tree has, by the grace of Almighty, grown into a gigantic tree whose branches are by now spread all over the free world. Why not? It must have occurred. Why? Because the foundation of this move was a revealed guidance from the All-Knowing, Sustainer of the Worlds Himself to the Promised reformer, the Khalifatul Masih II; who while opening this grand scheme declared:

"This Tehrik was not even in my sub-conscious. All of a sudden it was revealed into my heart by Allah Taala. So without committing any act of falsehood, I can well say that the Tehrik which God-revealed, this Tehrik was not in my mind. My brain was absolutely free. Indeed God revealed this Tehrik into my heart and I put forth it to the Jamaat. Therefore this is not my Tehrik, instead it is God revealed Tehrik."

(Friday Sermon Nov. 27, 1942)

WHAT IS MEANT BY TEHRIK-E-JADID

"Tehrik-e-Jadid, in reality, is the name of re-birth of Islam. Jadid (New) it is - but only in the meaning that the world had forgotten it, otherwise in reality it is an old Tehrik. And it is our misfortune that we had to say and use the word 'new' to an old thing; because people had forgotten it. The way the Holy Prophet (peace and blessings of Allah be upon him) and his companions led and spent their lives, we try by means of this Tehrik to bring the people near to that way."

(Friday Sermon April 30, 1942)

SIGNIFICANCE AND PURPOSE OF TEHRIK-E-JADID

"To reach all the people we need men, we need money, we need full determination and we need such prayers that would give a jerk to the throne of Almighty. The collection of all these things is to be named as 'Tehrik-e-Jadid'."

(AlFazl vol. 2/280)

In a Friday sermon, November 16, 1934, Hazoor said:

"Tehrik-e-Jadid has been started for the purpose that an amount is collected to be used for preaching Islam and to carry the name of Allah to the corners of the world with speed and efficiency. Tehrik-e-Jadid has been started to enable us to get such men who would dedicate their lives for preaching Islam. Tehrik-e-Jadid has been started so as to create the spirit and determination to a degree which is essential for an active Jamaat."

Similarly the purpose of advice to the Ahmadies to work with their own hands, to refrain from watching cinema, and to lead a simple life, are only to train them and make them absorb the qualities which are required to do a big thing. And the qualities to do big things are not developed overnight. Constant training is required to develop the habit of facing hardships with eager and smiling face. Until such time that people of Jamaat create a habit to undergo hardships, they can not be prepared to do big sacrifices.

So, whereas the purpose of Tehrik-e-Jadid is to create the spirit of leading a simple life and learn the Islamic culture, the foremost purpose of this Tehrik is to bring the whole nation to sit near an oven, so that in time of need, a certain number of people are readily available who whenever ordered, would jump into the oven and thus sacrifice their lives for Ahmadiyyat - the true Islam. Until such a time that Abdul Latif Shaheed (martyr) is not born in every country and each county, the respect and prestige of Ahmadiyyat will not be established.

THE IMPORTANCE TO JOIN 'TEHRIK-e-JADID'

In a way it is not compulsory to join this scheme and it is left open for one to join it voluntarily, nevertheless, the importance to join this scheme as explained by Hazrat Mosleh Maood (may God be pleased with him) in his following words:

"Though to join this Tehrik is voluntary but he who having the means to join it, will not join just on the basis that the Khalifa had left it open to join it voluntarily - such person would be called upon to count for this either in this world before his death or after his death in the next world. Whosoever does not give an ear to the call of the representative of God - I am afraid his belief would be lost."

(Friday Sermon November 9, 1934)

Brothers and sisters! How lucky are we who are often called upon to subscribe to the various schemes launched by the Jamaat. Surely this is one of the blessings of the Khilafat. We, living in this country of Canada whose standard of life is amongst the leading nations, must join this Tehrik even if we cannot afford to give 1/20th of our one month's salary, we must join it even by donating only one day's pay in a year, which is for women \$15 and men \$30 minimum. This is payable during the year November 1977 to October 1978. And Lo! Who to leave it till Oct. 1978; let us try and pay it by March 1978.

It may be noted that the names of those who join this scheme are sent to Wakil-ul-Maal, Rabwah, who maintain individual records of each and every subscriber. Names of those brothers and sisters who give their pledges by Jan. 31, 1978 would be sent direct to Jazoor for his special prayers. So let us please give our promises for this Tehrik and let not even one amongst the Jamaat be left who does not subscribe even as little as two dollars during this current financial year. At least, thereby, his/her name will be in the list of prayers being sent to Hazoor.
